

5-9 JULY 2021

MODELLING DATA FOR A BRIGHTER FUTURE

2021 Australian and New Zealand Statistical Conference

2021 Australian and New Zealand Statistical Conference

Chairman's Welcome

The organising committee warmly invites you to the 2021 Australian and New Zealand Statistical Conference, which will take place online from the 5th to the 9th of July 2021.

This Conference brings together three leading statistical communities. The [Statistical Society of Australia](#), the [New Zealand Statistical Association](#), and the Australian Conference on Teaching Statistics.

The aim of this Conference is to bring together a broad range of researchers and practitioners across a variety of statistical disciplines to facilitate the exchange of theory, methods and applications.

With these three societies working together there will be strong program components of interest to a wide diversity of academic, government, and industry colleagues. This includes the full spectrum of delegates from those advancing theoretical methodology to those working on industry applications (in traditional and non-traditional statistical areas). Of particular interest is how Big Data continues to impact all of us.

Information on Keynote Speakers and the Conference program will be available shortly so check the website for updates.

For the first time this Conference will be held online, which of course, reflects the current global crisis besetting us all. Nonetheless, we believe creating this event as a virtual experience will provide some very exciting opportunities for us and those that support us.

Our audience reach is suddenly global and while our focus is Australia and New Zealand, an opportunity to have our peers join us from across the world is highly desirable.

Likewise, for our sponsors, your branding and participation will be seen by a much wider audience. These are new and different ways to present your organisation, its products and services.

ANZSC 2021 promises to be a truly amazing new experience providing fresh new opportunities on both a professional and a social level.

We look forward to you joining us in July 2021.

*Mark Griffin
On behalf of the Organising Committee*

2021 Australian and New Zealand Statistical Conference

Who's attending ANZSC 2021?

Almost everything in our daily lives benefits from knowing the statistics, Mathematicians, Statisticians, Data Specialists and Coding Experts all provide the calculations, evaluations and delivery of statistics.

Statisticians are integral to research, health care, engineering, media, transportation, in fact every industry sector.

As a consequence of our decision to make ANZSC 2021 a virtual Conference, our audience will be broad, and for the first time dramatically extended, reaching out, way beyond the shores of Australasia drawing delegates from other parts of the world.

Why sponsor or exhibit at ANZSC 2021?

The ANZSC 2021 Organising Committee warmly invites you to be a part of this inaugural 2021 Australian and New Zealand Statistical Virtual Conference.

For Our Sponsors: The Conference provides the perfect forum for companies actively involved in the statistical community to promote their products and services. In addition to traditional benefits of branding and position at an in-person Conference. The virtual sector provides both global reach and longevity to the packages, the Conference will be available on-demand for full month after the live event.

With this Hybrid event, there are an increased number attractive sponsorship and advertising opportunities available to increase your company's brand to your key target markets.

A pre-Conference EDM will be prepared and sent to all delegates advising them of your support and participation. In addition, the same message will be posted on the Facebook page <https://www.facebook.com/ANZSC2020>

For Exhibitors: Our Virtual Showcase provides an opportunity to engage one-one with delegates, present videos and a number of branding and product placement facilities enabling a full suite of branding and product displays.

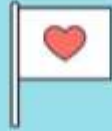

A terrific feature of the Virtual Showcase is the Meeting Matching facility allowing exhibitors to set up meetings with specific attendees. To ascertain the relevance exhibitors will have access to delegate profiles, ensuring an efficient and potentially successful connection.

Importantly a comprehensive analysis of all delegates will be provided to all exhibitors and sponsors

Packages can also be individually tailored to suit requirements.

Please see the below packages for potential Sponsorship & Exhibition opportunities. For further information on sponsoring or exhibiting please contact the Sponsorship Manager Robert Gunn at sponsorship@arinex.com.au or phone +61 (0) 2 9265 0743 (Direct).
